

Hallelujah Spring has arrived and today, it seems there is a light at the end of a long Winter in lockdown tunnel!

As the regular season comes to an end in the NRL and the finals begin - a huge congratulations to one of our tipster's Anneke who not only is streets ahead in the Tempus Wealth Footy Tipping competition, but also is the leader across the entire ESPN Footytips site with more than 336,000 tipsters. Incredible!!

This month we have included two great short read articles. Our first article – Why Insurance Matters is a great overview on just that – why! Some think it's not necessary or too expensive, our job is to find the best option to suit your needs to ensure the most important thing is covered – you! After all, you insure your house, your car and your health – personal insurance and ongoing wealth protection really does matter for yourself and your family!! The second is for those that may have had to take advantage of the COVID-19 early release super program – individuals are now able to re-contribute without it counting towards non-concessional contribution caps – an interesting read for those affected.

A quick note also for anybody thinking about Income Protection – it's a great time to get it sorted. The Government is making some changes to the benefits currently enjoyed from 1 October 2021 that won't be available to new policy holders after that date... Contact us to arrange for a discussion. NB. Those with existing policies will not be effected, only new policies post 1 October 2021.

We hope you are safe and well and managing through Lockdown. If there is anything that we can assist with, please do not hesitate to contact us – it's BAU for Tempus and we're happy to take your calls or email enquiries.

### Why Insurance Matters

In a year that has seen so many unexpected events take place it is top of mind for most Australians now more than ever that life does not always go the way we plan. Having a plan in place if things do take an unexpected turn can mean that our health, lifestyle and family are better protected.

### ATO flags availability of COVID-19 early release super contribution

Individuals can now re-contribute amounts they withdrew under the COVID-19 early release of super program.
